OSHC

ABOUT US

At OSHC we value and respect children as individuals. We are committed to providing a safe, caring, supportive Christian environment that allows children to explore their uniqueness and potential.

We aim to provide a variety of supervised play and recreational activities which assist the social, emotional, creative and physical development of primary school aged children. All children have the opportunity for self-expression, self-direction and self-discipline.

We acknowledge the importance of play for social development during the middle childhood years. We promote and encourage equity and access at OSHC, providing equal opportunities for children, parents and staff.

We encourage children and parents to maintain open communication. A good relationship is central to being able to provide a quality service.

We strive for parents/guardians to pursue work, study/training or other activities, in the knowledge that their children are being well cared for in a safe, nurturing and happy environment.

BEFORE SCHOOL CARE

During Before School care the children participate in a variety of casual and relaxed activities including reading, board games and free craft. At Before School Care we also provide breakfast options for the children.

AFTER SCHOOL CARE

During After School Care, the children have the opportunity to participate in planned or spontaneous play. Often activities are suggested by the children as we believe the program is for the children.

We strive to create an atmosphere that promotes interaction and interest in activities and to suit all ages and interests. These may include art and craft, cooking, construction, indoor and outdoor games, sports, music, relaxation activities, and music appreciation.

VACATION CARE/STUDENT FREE DAYS

During the school holidays OSHC runs a Vacation Care program with the exception of two weeks during the Christmas and New Year season. The program provides some wonderful activities for the children to enjoy during the school holidays and may include themed days, water play, excursions, craft and so much more.
